6<sup>th</sup> December, 2018

Dear Parents/Guardians,

Notice on "Students' Safety" 2018-19 No.103B  
 (To: All Students)

We have been informed by the police this morning that one of our students is suspected to being stalked and harassed by a stranger near the living place of Kwan Yick Building at Des Voeux Road West yesterday (Wednesday).

The student is unharmed and safe and the parent has reported the case to the police immediately.

In view of this, we would like to draw the attention of parents to the safety of students after school and especially those who return home by themselves. We will continue to cooperate with the police on this case and will also arrange teachers to patrol the school vicinity after school to make sure students go back home immediately.

Thank you for your attention.
