24th January, 2022

Dear Parents/Guardians,

Notice on the Implementation of "Vaccine Bubble" in Schools 2021-2022 No. e121B
(To : All Students)

In order to strengthen epidemic prevention measures and protect the health and safety of teachers and students, the Education Bureau announced that the "vaccine bubble" measures will be extended to school premises from 24th February 2022.

Parents are advised to pay attention to the following arrangements:

1. Implementation details:

Starting from 24th February 2022 (Thursday), except for exempted persons, teaching and non-teaching staff, service providers and visitors of our school are required to **present at least the first dose of the COVID-19 vaccine records and scan the "Leave Home Safe" QR code** before entering the school. Visitors are defined to include volunteers, parents and carers.

2. Exempted persons:

Those who are medically unfit to be vaccinated may be exempted but must have a valid medical certificate to prove it. In addition, exempted persons are still required to hold a negative COVID-19 test certificate within three days. The test specimens must be obtained from combined nasal and throat swabs, and not collected through self-testing kits.

3. Student arrangements:

The above "vaccination bubble" arrangement does not apply to students. However, the EDB urges students in the relevant age groups to get vaccinated as soon as possible to better protect themselves and others, and to have more opportunities to participate in learning and extra-curricular activities.

4. Arrangements for **Primary One and other parents** to enter the school to pick up students:

- Parents must scan the "Leave Home Safe" QR code before entering the school.
- Please prepare the electronic or paper "Vaccination Records" in advance for inspection by school staff.
- "Exempted persons" must prepare a valid medical certificate and a negative COVID-19 test record within three days.
- Parents who are not "exempted persons" and fail to present their vaccination records are required to wait outside the school gate. Class teacher will take their students for pick up outside the school gate after other students have left school.

In order to protect the health of all students and staff, and to comply with the government's epidemic prevention laws, parents are kindly requested to pay attention to and observe the above epidemic prevention measures.

Thank you for your attention.

Mr. Chim Hon Ming
Principal, CSSHK
