5th December, 2022

Dear Parents/Guardians,

Notice on 'One Person, One Flower' Scheme 2022-2023 No. e115B

(To: P2-6 students)

To promote a green culture among students, to cultivate their love to nature and to promote positive values and attitudes, our school has joined the 'One Person, One Flower' Scheme organized by the Leisure and Cultural Services Department. This activity will be a part of General Studies learning activities.

All students will receive the seedlings of Perpetual Begonia for free and enjoy the planting process. They need to finish the plant growing booklet and hand it in between 1/2 and 28/2. Details are as follows:

Date of distribution: 14-16/12/2022 (will be distributed during GS lesson)

Planting method:

1. The optimum growth temperature of Perpetual Begonia is 15-25°C.
2. Its growth requires sufficient sunlight and daylight, but not full sun.
3. During planting, a well-ventilated environment should be maintained.
4. Regular watering is required to provide water during its growth and flowering.

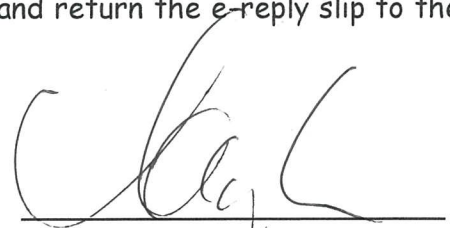

Program fee: The seedlings are free of charge.

Remarks:

1. Please bring a plastic bag for taking the plant home.
2. Details of the planting method can be found at https://www.lcsd.gov.hk/en/green/common/doc/perpetual_begonia_leaflet.pdf

Please contact Miss Bessy Chan for further enquiry and return the e-reply slip to the class teacher on or before 7th December, 2022.

Mr. Chim Hon Ming
Principal, CSSHK
