Dear Parents/Guardians,

Notice on Proper ways of carrying School Bags and Wearing of Summer School Uniforms

No.208B

(To: All students)

1. Overweight schoolbags and improper ways of carrying schoolbags will affect the physical development of students. In view of this, the following suggestions are provided for parents' reference:
 - ✧ When purchasing a school bag, be sure to choose a school bag with the right size with light material. In addition, pay attention to whether the school bag can evenly distribute the weight on all parts of the body.
 - ✧ There are many types of schoolbags available in the market, such as rucksack type, handle type and drag type, etc. Among them, the rucksack type can best meet the requirement of evenly distributing the weight.
 - ✧ When using a rucksack schoolbag, use both shoulder straps at the same time and regularly check whether the shoulder straps are in suitable length and fit the bag close to the back to achieve the best supporting effect.
 - ✧ Parents should always remind students to pack their schoolbags according to the timetable, reduce unnecessary items and so as the weight of the schoolbags.
2. For school uniforms, students can add a white cardigan to the summer school uniform according to the weather conditions. The cardigan should not be replaced by sports uniform jacket or the winter fleece coats. For the specifications and requirements of summer school uniforms, please visit the school website.

Mr. Chim Hon Ming
Principal, CSSHK
