Dear Parents/Guardians,

"Sweet Socks" campaign 510 Anti-Bullying Day 2022-2023 No.e225B

(To: All students)

As we all aware, children lost three years of proper schooling and social development during the time of the pandemic. In respect of this, disputes, misunderstandings and even bullying of all kinds occur from time to time when school is back to normal.

In order to raise the social awareness of distinguishing between real and fake bullying, and encourage students of mutual understanding, Commercial Radio Hong Kong, Inspire Education association IEA, ABC Education Foundation and the Social Work Department of CUHK are jointly holding a series of activities in assisting schools to educate students the message of care and mutual understanding.

"Sweet socks 510 Anti-Bullying Day" is among one of the activities in response to the campaign, our school encourages students to wear **"a pair of socks in different colour and style"** back to school on Wednesday 10th May.

Through the activity, we hope to bring out that everyone can get along well even though they have similarities and differences. In addition, we should learn to face up to the problem of bullying and make physical, verbal and even cyber bullying behaviours to disappear among us. The school will explain the topic of mutual respect to students in this activity:

1. Let students understand the importance of mutual understanding and respect;
2. Remind students to pay attention to their words and deeds in daily life and on the Internet and not to be a bully;
3. Encourage students to be positive and face bullying with a correct attitude and actively seek assistance from parents, teachers or school social workers.
