5<sup>th</sup> December, 2023

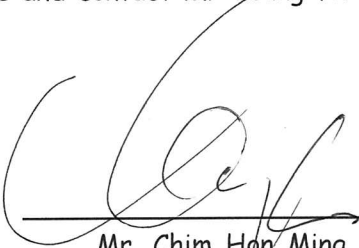

Dear Parents/Guardians,

Notice on Family-Child Fun Day 2023-24 No.139B  
(To: All students)

A good parent-child relationship helps promote children's mental health. Through parent-child activities, children will have a closer relationship with their parents, their trust in their parents will also increase, and children will be more willing to share their lives and feelings with their parents. In order to encourage parents to actively arrange meaningful parent-child activities and to recommend and share with other parents good places for parent-child activities in Hong Kong, the Education Bureau cooperates with the Committee on Home-School Cooperation, the Federation of Parent-Teacher Associations of the 18 Districts and the District Principals' Associations, held a "Family-Child Fun Day" fundraising event.

Parents are now encouraged to spend time with their children from December 9 to 10, 2023 (Saturdays and Sundays), and engage in a variety of meaningful parent-child activities in Hong Kong. In addition to promoting the relationship between parents and children, parents and children can also use community facilities and participate in various district activities. Parents can refer to the information and activity examples on the "Parent-Child Fun Day" fundraising event website, discuss with their children, and jointly design the arrangements for the activities. For details on the "Family-Child Fun Day" fundraiser, please visit the event page. (<https://www.parent.edu.hk/article/parentchildcom2023>)

Please return the reply slip on 6th December to class teachers and contact Mr Yeung for any inquiries. Thank you for your attention.

  
Mr. Chim Hon Ming  
Principal, CSSHK
